TAMS Fair Highlights!

This year, RO's annual TAMS Fair fell on February 14. The Valentine's Day practice science fair helped one hundred TAMS students practice their research skills in a professional environment with UNT professors. The event included a panel of TAMS alumni, student speakers, and Dr. Duban's insights.

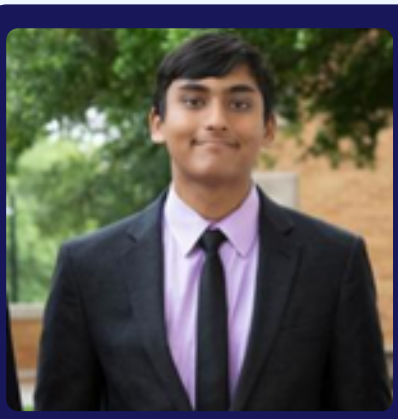
EVENT DATES

February 14th 2026

TAMS Fair gives TAMS students the unique opportunity to network and present research

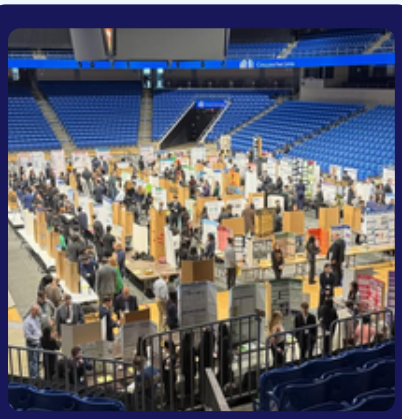
February 23rd 2026

TAMS students participate in FWRSEF (Fort Worth Regional Science and Engineering Fair)



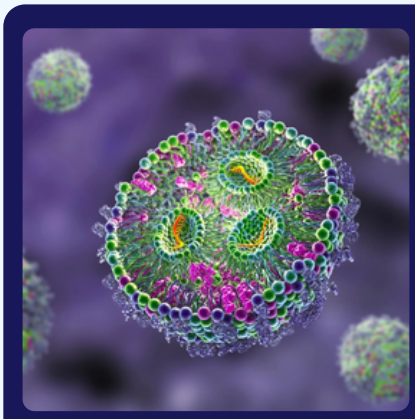
Interview with Mazumder

Hear insights into research and STEM from **Anirudh Mazumder**, a previous **Goldwater Recipient** and accomplished TAMS researcher currently at **Stanford.**



FWRSEF Wrapped!

Congratulations to all who participated in **FWRSEF** this year! Good luck at **TXSEF** and **ISEF** (coming soon!)



Newest in Science:

New research from **Tsinghua University** is developing mRNA delivery methods using lipid nanoparticles for a targeted pancreatic **cancer treatment.**
